Faculty workdays ....June 19 and 22

Summer Quarter 2009

Classes begin .... June 29
Holiday ....July 3
Last day of summer quarter ....August 21

Spokane Community College

MISSION STATEMENT

At Spokane Community College, we strive to provide our community accessible and affordable educational opportunities responsive to the needs of our diverse population.

We do this through:

- *Industry-standard, professional-technical certificate and degree programs;*
- *Liberal arts and professional-technical programs transferable to four-year institutions;*
- *Developmental and continuing education, distance learning, and lifelong learning opportunities;*
- *Educational programs that emphasize four critical learning abilities: Responsibility, communication, problem-solving and global awareness; and*
- *Instructional support and student services that enhance and promote student success.*

As we carry out this mission, our skilled and dedicated faculty, staff and administration continuously support the individual and professional growth of our students and the economic success of our region.

There aren't too many places in Spokane where students fix cars, take X-rays, whip up soufflés and tackle Cartesian Theory — all in the course of a school day. Well, maybe with the exception of Spokane Community College.

SCC has one of the largest career and technical education divisions in Washington ... as well as dynamic arts and sciences programs. Learn a trade ... prepare for a job in a technical field in just two years ... or get that transfer degree and move on to a four-year college or university.

We're a center for education in the health sciences, transportation, manufacturing, hospitality and the building trades. But it's not just about work. We value the humanities, take on social issues and celebrate creativity — almost every single day.

At SCC, we'll prepare you for a high-demand job — or for the demands of the workplace and university.

Your dream is our mission. At Spokane Community College.

(509) 533-7000 • www.scc.spokane.edu

Spokane Falls Community College

Immerse yourself in the arts. Ponder life's mysteries. Find magic in a child's life. Do it at Spokane Falls Community College.

At SFCC, you're part of a learning community like no other. One that excels in math, science, business, fine arts and music. One that prepares future teachers — and photographers. A world where you can perform on stage, learn to fly or study the secret life of ants.

Hundreds of our students earn their transfer degrees and head off to four-year colleges and universities. We're really good at that.

But that's not your only option at SFCC. Look at our career and technical programs: Interior and graphic design, physical therapist assistant, orthotic-prosthetic technician — and those are just a few of your choices. You can prepare for a career — a creative, rewarding career — in just two years at SFCC.

It's all about you at SFCC — what you want to be, where you want to go.

It's time. Join our community. Become a part of our world.

It's all about you. At Spokane Falls Community College.

(509) 533-3500 • www.spokanefalls.edu

MISSION STATEMENT

Spokane Falls Community College provides high-quality learning opportunities that are affordable and accessible. We accomplish our mission in various ways:

- *offering comprehensive academic transfer, professional-technical, developmental, basic skills and continuing education programs;*
- *providing comprehensive student support services;*
- *serving diverse communities;*
- *increasing flexible and innovative educational opportunities;*
- *fostering respect for knowledge and actively contributing to scholarship;*
- *preparing students to live responsibly in an increasingly global civilization;*
- *being an active partner in promoting community services of an educational, cultural, and recreational nature; and*
- *contributing to the economic well-being of the communities we serve.*

Institute for Extended Learning

Don't have a college in your community? Maybe you do. IEL education centers in Colville, Inchelium, Newport, Ione, Republic, and Pullman offer credit and noncredit college classes. Or try a distance learning class — and use one of our computers!

Do your workplace skills need a little polish? Then do what thousands of area workers do each year — take a class or seminar offered by the IEL's business and community training division. (Or get your boss to bring one of the IEL's customized job skills programs to your workplace.)

Missing that high school diploma? You can earn a GED at any one of the IEL's education centers in Spokane — and in Colville, Newport, Republic and Pullman. You can even do it online. No excuses!

Have trouble reading? Try the IEL's Read Right® program — or any other IEL adult education class. It's not hard — classes are available throughout Eastern Washington ... all year long.

Dealing with challenges in your life? IEL programs like Change Point, Families That Work/Project Self-sufficiency and PACE Services can help.

Looking for parenting advice? Head Start/Early Head Start/ECEAP (Early Childhood Education Assistance Program) is there for income-eligible families in Spokane. Or join a neighborhood parent education co-operative preschool — we have 11 of them!

At the Institute for Extended Learning, we change lives. How about yours?

MISSION STATEMENT

The Institute for Extended Learning (IEL), one of three educational institutions of Community Colleges of Spokane, develops individual potential and enhances economic prosperity of the communities we serve. We provide a dynamic and responsive spectrum of education and training programs and services for the benefit of individuals, families, employers and organizations. The Institute for Extended Learning uses time-tested and innovative educational delivery systems to give students, both urban and rural, access to learning opportunities they otherwise might not have.

*Programs available through selected Institute for Extended Learning centers. IEL centers offer many courses required for liberal arts transfer degrees and professional technical certificates and degrees. Students who enroll in credit programs provided by the IEL receive credit through Spokane Falls Community College or Spokane Community College, which are accredited by the Northwest Commission on Colleges and Universities. Ask for up-to-date information about programs offered by the IEL center in which you plan to enroll.
