Course Objectives/Course Outline
Spokane Community College

Course Title: Paramedic Internship I

Prefix and Course Number: EMS 260

Course Learning Outcomes:

By the end of this course, a student should be able to:

- Be able to demonstrate the culmination of didactic, laboratory and clinical information and integrate and apply this information in the working environment under the direct supervision of senior paramedic and physician preceptors.

Course Outline:

Paramedic Internship I

The environment is dynamic and based on patient encounters. Individual encounters are evaluated for the integration of cognitive, proprioceptive, and affective domains demonstrating competency expected of newly practicing paramedics.
