|----------------------------------|--------------------------|
| Prefix and Course Number: | ART 206 |
| Course Title: | Advanced Ceramics |
| Version Date: mm/dd/yyyy | 12/6/19 |

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Expand ceramic hand-building and wheel forming techniques.
2. Experiment with specialized ceramic processes.
3. Develop and create a personal body of work.
4. Research and experiment with glaze development.
5. Identify nationally and internationally known artists who use printmaking as a major art form.
