

Spokane Falls Community College
COURSE LEARNING OUTCOMES

Prefix and Course Number:	AS 182
Course Title:	Cultural Diversity; Risk Intervention for Health/HIV
Version Date:	10/01/2019

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Describe the social, political, economic, and cultural context within which addiction and substance abuse exist, including risk and resiliency factors that characterize individuals and groups and their living environments and describe the necessary treatment and recovery services and clinical practice needs appropriate to the personal and diverse cultural identity of the client, including, language and disabilities of the client.
2. Describe the importance of self-awareness in one's personal, professional, and cultural life and how individual differences influence both counselor and client behavior and apply this understanding to clinical practice.
3. Identify client knowledge, skills, and attitudes consistent with the maintenance of health and prevention of human immunodeficiency virus/acquired immune deficiency syndrome (HIV/AIDS), tuberculosis (TB), sexually transmitted diseases (STDs) and other infectious disease.
