Spokane Falls Community College
COURSE LEARNING OUTCOMES

Prefix and Course Number:	**GRDSN 125**
Course Title:	**Computer Drawing**
Version Date: mm/dd/yyyy	**10/30/2019**

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Produce vector and raster artwork for intermediate level print and digital publications.

2. Use appropriate software, tools, palettes, and menus to format text, shapes, and images.

3. Produce illustrations that tell a story, express a feeling, and have an attention to detail.

4. Demonstrate effective time management, planning, and concept generation.

5. Develop design solutions that demonstrate effective use of the elements and principles of design.

6. Use a digital camera to produce photographs for reference and compositions.

7. Create vector and raster images that demonstrate an understanding of perspective.
