**Course Learning Outcomes**

Upon successful completion of the course, the student will be able to:

1. Describe the impact of standards on school library operations and the importance of standards in preK-12 learning.
2. Articulate the value of collection development standards in relation to learning and collection management procedures in relation to school library operations.
3. Explain school library services in relation to one or more of the following: developmentally appropriate guidelines, special education services, reading and information literacy development or library outreach.
