

Spokane Falls Community College
COURSE LEARNING OUTCOMES

Prefix and Course Number:	OTA 255
Course Title:	Level II Clinical Fieldwork 2
Version Date:	03/04/2020

Note: The course learning outcomes for OTA 253/254 and 255 are very similar as they apply to two different settings but have the same overall expected outcomes from each setting (i.e.: one in pediatrics and one in adults)

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Demonstrate entry level competency in the items of the AOTA Fieldwork Performance Evaluation.
2. Actively participate in a midterm and final self-assessment of skills.
3. Produce effective feedback for supervisor(s) of fieldwork.
4. Demonstrate competent, generalist, entry-level skills in the assigned Level II fieldwork setting.
