

Spokane Falls Community College
COURSE LEARNING OUTCOMES

Prefix and Course Number:	POLS 125
Course Title:	Intro to Global Issues
Version Date:	01/29/2020

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Articulate the historical and contemporary nature of global issues and their interdependence.
2. Compare and contrast Western and Non-Western perspectives on the causes and consequences of globalization.
3. Examine how economic, financial, political, cultural, and environmental globalization impact the behavior of governments, nonstate actors, and individuals.
4. Identify areas of global inequality and conflict.
5. Evaluate the North/South gap in development.
6. Discover and examine one's role as global citizen and consumer.
