

Spokane Falls Community College
COURSE LEARNING OUTCOMES

Prefix and Course Number: PTA 102
Course Title: Physical Therapy Terminology
Version Date: 04/29/2019

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Define medical terms related to the following areas:
 - a. Surgical, diagnostic, and symptomatic terms.
 - b. Medical terms that denote an adjective, noun, diminutive, singular, and plural forms.
2. Define medical terms associated with the following:
 - a. Anatomical, physiological, and pathological terms related to the body systems.
 - b. Special procedures for diagnosis, surgery, laboratory testing, and pharmacology for the body systems covered.
 - c. Terms characteristic of implementing selected components of interventions identified in the plan of care established by the physical therapist (7D23)
 - d. Terms related to participating in the provision of patient-centered interprofessional collaborative care. (7D28)
 - e. Terms related to data collection skills essential for carrying out the plan of care. (7D24)
3. Convert abbreviations used to complete accurate documentation that follow guidelines and specific documentation formats required by state practice acts, the practice setting and other regulatory agencies. (7D25)
