Spokane Falls Community College

COURSE LEARNING OUTCOMES

Prefix and Course Number: ASL&123
Course Title: American Sign Language (ASL) III
Version Date: mm/dd/yyyy 11/27/2019

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Analyze subtle distinctions of expanded grammatical structures of ASL.
2. Experiment with English to ASL conversational skill.
3. Utilize core vocabulary to demonstrate idiomatic expressions, intensity in sign inflection, and synonym expression in conversation.
4. Differentiate cultural differences, racial diversity and international diversity on ASL by direct application in both receptive and expressive interpreting.
5. Compare cultural differences between D/deaf community members and spoken language community members in describing occupations, experiences, and in descriptions of events.
6. Make sure of appropriate glosses for advanced signs from different contexts.
