

Spokane Falls Community College
COURSE LEARNING OUTCOMES

Prefix and Course Number:	GRDSN102
Course Title:	Design Technology I
Version Date: mm/dd/yyyy	10/21/2019

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Produce vector and raster artwork for print and digital publications.
2. Use appropriate software, tools, palettes and menus to format text, shapes and images.
3. Demonstrate usage of non-destructive image editing.
4. Modify and combine vector imagery to create smooth and accurate Bezier shapes.
5. Scan, trace, isolate and composite imagery.
6. Produce single and multiple page layouts using various software applications.
7. Prepare, organize and package digital artwork for service providers.
