

Spokane Falls Community College
COURSE LEARNING OUTCOMES

Prefix and Course Number:	GRDSN211
Course Title:	Design Process V
Version Date:	03/11/2020

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Research and identify design elements / principles used in professional level work.
2. Develop design solutions that demonstrate effective use of the design principles and elements.
3. Visualize and solve complex design problems using effective visual communication.
4. Produce and create visual solutions that tell a story, express a feeling and have an attention to detail.
5. Demonstrate effective time management, planning and concept generation.
6. Collaborate with colleagues and work as a team.
7. Produce intermediate-level design projects for print and web applications.
