

Spokane Falls Community College
COURSE LEARNING OUTCOMES

Prefix and Course Number:	OR-PR 138
Course Title:	Prosthetics Practicum
Version Date	10/21/2019

Course Learning Outcomes

Upon successful completion of the course, the student will be able to:

1. Recognize the fundamental competencies learned in the classroom as performed in an actual fabrication lab environment.
2. Compare/contrast fabrication procedures utilized at the practicum site against those learned in the OPT program.
3. Integrate classroom competencies with practicum site fabrication procedures.
4. Practice revised fabrication procedures in the practicum site.
